

### Harbor Strike Threatens N. Y. Food Supply

NEW YORK, April 2.—All but 20 per cent of the railroad owned tug and steam lighters which railroad representatives assert bring to New York 50 per cent of its food supplies are tied up as a result of the marine workers' strike. J. J. Mantell, railroad managers' representative, announced today.

The railroad owned ferries on the Hudson river, the crews of which also were called out, are apparently not seriously affected, Mr. Mantell stating that all but one line are running on regular schedule. Reduced travel today, due to the Good Friday holiday, has enabled the railroads to use ferries to a large extent in the transportation of food and milk which otherwise would have been carried by the steam lighters and railroad car floats.

The strike was called, union men assert, to maintain the eight-hour day, which they declare was threatened by the reported transfer of railroad freight equipment to private owners. The railroad managers claim the strike was called in support of striking coalminers who walked out several weeks ago.

### 10,000 FAMILIES ARE GIVEN FOOD FROM U. S.

NEW YORK, April 2.—Easter gift packages of American food have been distributed to more than 10,000 or more families in Vienna, according to a cablegram received here today by the American relief administration. European children's fund. More than 50,000 persons have received food from the warehouse in Vienna through the medium of food drafts sold in America. It states. Chancellor Karl Renner, of Austria, is reported to have endorsed the project.

### American Interest Needed In Balkans

BUCHAREST, April 2.—Safety for Europe lies in an alliance between Rumania, Poland, Czechoslovakia and Greece, in the opinion of Tadeusz Jozef, who, as an editor, financier and politician has played a prominent role in the national life of Rumania for a quarter of a century. Talking with an Associated Press correspondent recently, he expressed the hope of seeing such an alliance realized, with America taking an important part in the work of Balkan countries.

"Unless America shows interest in Balkan commerce," he said, "it is possible we all will again fall into the hands of Germany. If only because of the exchange situation. Rumania is determined to operate matters for herself, but may not be able to do so. I am very sorry America has refused to occupy Constantinople and I am sure in a few years the people of the United States will realize their mistake in not doing this service to civilization and possibly to their own commerce."

### Shoe Industry May Suspend; Turners Strike

MARBLE HEAD, Mass., April 2.—Demands of turn shoe workers for increased wages will tie up the shoe industry here, according to announcement by manufacturers today. The Parker Shoe company closed its shops to its 238 operatives, and the Herbert Humphrey & Sons company announced it would shut down tomorrow night. The latter employs 500 hands. The Parker Shoe company, which formerly had 250 workers, has been closed for two months by a strike of the turn shoe operatives.

The Parker and Humphrey companies management announced that it would be impossible to operate if they granted any considerable part of the increase demanded. The advance sought they said, average 100 per cent. Some of the workers now received upwards of \$4 a week, according to the companies.

### Will Give Turks Peace Terms Soon

PARIS, April 2.—In French circles the expectation now is that the meeting of the supreme council of the peace conference in San Remo will be called for April 19 to 22. The Turkish peace delegates, it is understood, will be invited to present themselves toward the end of April to receive the peace terms. It is not anticipated that the session will be long and it is thought that the Turks may be able to begin their examination of the terms of the treaty early in May. The procedure is expected to be the same as with the other treaties, the Turks being given

time to study the treaty and present their observations on it. The supreme council will then study the observations and prepare its rejoinder.

The San Remo conference may have occasion to make the final decision on some questions regarding the Hungarian peace treaty.

### WOOLLEN BACK.

George P. Woollen, collector of customs, was at his desk in the federal building Friday after a visit of several days at his home in Dyersburg, Tenn. Mr. Woollen reports that the strawberry growers of that section are anticipating an excellent season. The early berries will be shipped East and North about May, Mr. Woollen said.
